

ADI Performance Systems has been supplying quality products to the diesel industry for over 20 years. The following School Bus companies, specifically use **ADI Premium ULS Diesel Booster[®]** to drastically improve fuel economy, substantially decrease harmful emissions, eliminate premature repair costs and reduce untimely breakdowns.

Ontario

Newry Coach Lines - Atwood; **Student Choice Transit Corp.** - Concord;
Bellanger Brownway Bus Lines - Mattawa; **Trott Transit** - Mississauga

Testimonial - Ray Trott - President Trott Transit Ltd. "After using ADI Diesel Booster on several of our school buses, we calculated an average fuel consumption improvement of 12%; even though, this winter (2007 – 2008) was one of the coldest on record. There was no hard starting or frozen fuel lines and we were very impressed with the product's overall results..... We have estimated from using this product we will save approximately 25,000 gallons of diesel fuel per year."

Saskatchewan

Southeast Cornerstone School Divison - Weyburn

Alberta

Livingston Range - Claresholm; **Chinooks Edge** - Olds

Texas

Clear Creek Independent School District - League City

Meridian Independent School District - Meridian, Texas

Waxahachie Independent School District - Waxahachie, Texas

Fuel Economy Test - Test Date: March 2011 - **Company:** Waxahachie ISD

Bus 2086 and 2088 used ADI Premium ULS Diesel Booster[®] They recorded an average fuel economy of 6 miles per gallon while bus 2087 and 2089 did not use ADI Premium ULS Diesel Booster[®] and they recorded an average fuel economy of 5.2 miles per gallon. In summary there was a 15.38% fuel economy improvement by using the ADI Premium ULS Diesel Booster[®].
